We Keep the Dead Close Becky Cooper 2020-11-10 FINALIST FOR THE J. ANTHONY LUKAS BOOK PRIZE NATIONAL BESTSELLER Named One of The Best Books of 2020 by NPR's Fresh Air * Publishers Weekly * Marie Claire * Redbook * Vogue * Kirkus Reviews * Book Riot * Bustle A Recommended Book by The New York Times * The Washington Post * Publisher's Weekly * Kirkus Reviews* Booklist * The Boston Globe * Goodreads * BuzzFeed * Town & Country * Refinery29 * BookRiot * CrimeReads * Glamour * Popsugar * PureWow * Shondaland Dive into a "tour de force of investigative reporting" (Ron Chernow): a "searching, atmospheric and ultimately entrancing" (Patrick Radden Keefe) true crime narrative of an unsolved 1969 murder at Harvard and an "exhilarating and seductive" (Ariel Levy) narrative of obsession and love for a girl who dreamt of rising among men. You have to remember, he reminded me, that Harvard is older than the U.S. government. You have to remember because Harvard doesn't let you forget. 1969: the height of counterculture and the year universities would seek to curb the unruly spectacle of student protest; the winter that Harvard University would begin the tumultuous process of merging with Radcliffe, its all-female sister school; and the year that Jane Britton, an ambitious twenty-three-year-old graduate student in Harvard's Anthropology Department and daughter of Radcliffe Vice President J. Boyd Britton, would be found bludgeoned to death in her Cambridge, Massachusetts apartment. Forty years later, Becky Cooper a curious undergrad, will hear the first whispers of the story. In the first telling the body was nameless. The story was this: a Harvard student had had an affair with her professor, and the professor had murdered her in the Peabody Museum of Archaeology and Ethnology because she'd threatened to talk about the affair. Though the rumor proves false, the story that unfolds, one that Cooper will follow for ten years, is even more complex: a tale of gender inequality in academia, a 'cowboy culture' among empowered male elites, the silencing effect of institutions, and our compulsion to rewrite the stories of female victims. We Keep the Dead Close is a memoir of mirrors, misogyny, and murder. It is at once a rumination on the violence and oppression that rules our revered institutions, a ghost story reflecting one young woman's past onto another's present, and a love story for a girl who was lost to history.

Tavia Williams thought her new stepmother was sweet and charming. Tavia, just a few years younger than 36-year-old Elisa McNabney, was very happy for her father, 53-year-old Larry McNabney. Larry was a horse enthusiast, successful attorney, a pillar of the community, and was loved and admired by everyone he knew. For six years of marriage, Larry and Elisa spent their spare time on the country club and horse racing circuit. It was a perfect life, but it went perfectly wrong. On September 10, 2001, Larry attended a horse show. No one has seen him alive since. Months after his disappearance, police finally put out a missing persons report. They soon found out that Elisa McNabney was not the person she had claimed to be. A fugitive on the run, Elisa was a con woman who had enlisted the help of a girlfriend to slowly poison her loving husband with horse tranquilizers, in the name of pure greed. Larry was found buried in a vineyard, after Elisa kept his corpse in her deep freezer for months. The only thing more appalling than the horrific murder was the shocking manhunt that followed and the end to this tragic story of deception, murder, and deadly seduction.

In Cold Blood Truman Capote 2013-02-19 Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are *Breakfast at Tiffany's* and *Other Voices, Other Rooms* (in one volume), *Portraits and Observations*, and *The Complete Stories* Truman Capote's masterpiece, *In Cold Blood*, created a sensation when it was first published, serially, in *The New Yorker* in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the "new journalism." Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. "I thought he was a very nice gentleman," he says of Herb Clutter. "Soft-spoken. I thought so right up to the moment I cut his throat." Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events.

Ripple Jim Cosgrove 2022-04-05 "Riveting... a personal and highly original work of true-crime storytelling." — John Douglas, former FBI criminal profiling pioneer and co-author of the #1 New York Times bestseller *Mindhunter* A chilling investigation into the unsolved "boy in the woods" murder; journalist Jim Cosgrove chronicles his decades-long struggle to uncover the truth of a family friend's disappearance and death — perfect for fans of *I'll Be Gone in the Dark* and *Memorial Drive*. For nine years, South Carolina officials struggled to identify "the boy in the woods," a young man whose body had been discovered just south of Myrtle Beach in a fishing village called Murrells Inlet. Meanwhile, 1,200 miles away in Kansas City, Missouri, Frank McGonigle's family searched for him at Grateful Dead concerts and in the face of every long-haired hitchhiker they passed. Consumed by guilt for how they'd treated him, Frank's eight siblings slowly came to understand that — like Jerry Garcia sang — he's gone and nothin's gonna bring him back. Frank McGonigle was finally found — and identified as "the boy in the woods." Four years later, the case still unsolved, Jim Cosgrove, a McGonigle family friend and investigative journalist, picked up the trail of Frank's cold case and began uncovering connections to a ruthless local crime boss and blunders by the threadbare sheriff's department. When his research began to stall, a chance meeting with the soft-hearted, straight-talking "energy reader" Carol Williams provided a metaphysical spark that reignited Jim's resolve. Although his work as a journalist trained him to be skeptical, Cosgrove found himself starting to become a believer when Carol provided details about Frank's murder that turned out to be freakishly accurate. In 2019, Cosgrove returned to Murrells Inlet with one of Frank's brothers to dredge up some old leads and settle Frank's case once and for all...

Psychics, Sensitives and Somnambules Rodger I. Anderson 2015-01-27 Claimants of paranormal abilities have always attracted controversy and fascination, and sometimes rigorous study by scientists. Charles Bailey, an Australian medium, was seemingly able to materialize different objects—animate and inanimate—under conditions which made it difficult to conceive how they could have been normally produced. Sumitra Singh, a woman of Northern India who in 1984 became subject to epileptic-type seizures, claimed to be possessed by spirits of the dead. Franck Kluski was a Polish poet, banker and physical medium who specialized in both human and animal materializations. This biographical dictionary contains profiles of 330 psychics worldwide from Tony Agpaoa to Elenor Zugun, each accompanied by a bibliography listing the primary sources consulted. The primary focus is on those claimed psychics who have figured prominently in the history of the subject, though some lesser-known figures are included to show how rich, varied, and colorful that history has been. The aim throughout is to present each case as fairly and dispassionately as the facts allow, with a particular eye for accuracy in details and presentation. The approach is historical, not apologetic or accusatory, making the work ideally suited as a permanent reference.

Political Pilgrims Paul Hollander 2017-07-05 Why did so many distinguished Western Intellectuals from G.B. Shaw to J.P. Sartre, and, closer to home, from Edmund Wilson to Susan Sontag admire various communist systems, often in their most repressive historical phases? How could Stalin's Soviet Union, Mao's China, or Castro's Cuba appear at one time as both successful modernizing societies and the fulfillments of the boldest dreams of social justice? Why, at the same time, had these intellectuals so mercilessly judged and rejected their own Western, liberal cultures? What Impulses and beliefs prompted them to seek the realization of their ideals in distant, poorly known lands? How do their journeys fit into long-standing Western traditions of looking for new meaning In the non-Western world? These are some of the questions Paul Hollander sought to answer In his massive study that covers much of our century. His success is attested by the fact that the phrase "political pilgrim" has become a part of intellectual discourse. Even in the post-communist era the questions raised by this book remain relevant as many Western, and especially American intellectuals seek to come to terms with a world which offers few models of secular fulfillment and has tarnished the reputation of political Utopias. His new and lengthy introduction updates the pilgrimages and examines current attempts to find substitutes for the emotional and political energy that used to be invested in them.
