Late Bloomer Carol Tyler 2005-01-01 Carol Tyler has been a professional (and highly acclaimed) cartoonist for over 20 years, appearing in such venues as Weirdo, Wimmen's Comix, and Drawn & Quarterly magazine. But over the years her status as a working mother has drastically curtailed her ability to set aside time for her cartooning. Thus each rare new story from her pen has been greeted with hurrahs as well they should be, because she's one of the most skillful, caustic, and emphatic cartoon storytellers of her generation. This new book presents the biggest, richest and most delightful collection of Tyler's work to date featuring many new and previously unpublished works. p.p1 {margin: 0.0px 0.0px

The Last Seven Pages James Pinnick 2014-04 When a ventilator prevented her from speaking during her final hours, Jennifer started writing. After her death, her husband turns to those pages to tell her story of courage and faith. James had just walked through the door after a day's work when Jennifer told him the news that changed everything: it was cancer. In the following two years they would lose their sense of normalcy and their dreams for the future. But along the way, they would gain something even greater than their loss. Told through the eyes of a grieving husband is this true story of a young woman's fight for her life. Jennifer's final words, penned by hand when a ventilator prevented her from speaking, provide a powerful backdrop to this journey of faith and hope. A memoir that also offers a practical pathway for those struggling with loss, *The Last Seven Pages* is a testimony of a God who is present in our darkest

moments, and who turned a devastating illness into a life-changing promise.

365 Thank Yous John Kralik 2010-12-28 One recent December, at age 53, John Kralik found his life at a terrible, frightening low: his small law firm was failing; he was struggling through a painful second divorce; he had grown distant from his two older children and was afraid he might lose contact with his young daughter; he was living in a tiny apartment where he froze in the winter and baked in the summer; he was 40 pounds overweight; his girlfriend had just broken up with him; and overall, his dearest life dreams--including hopes of upholding idealistic legal principles and of becoming a judge--seemed to have slipped beyond his reach. Then, during a desperate walk in the hills on New Year's Day, John was struck by the belief that his life might become at least tolerable if, instead of focusing on what he didn't have, he could find some way to be grateful for what he had. Inspired by a beautiful, simple note his ex-girlfriend had sent to thank him for his Christmas gift, John imagined that he might find a way to feel grateful by writing thank-you notes. To keep himself going, he set himself a goal--come what may--of writing 365 thank-you notes in the coming year. One by one, day after day, he began to handwrite thank yous--for gifts or kindnesses he'd received from loved ones and coworkers, from past business associates and current foes, from college friends and doctors and store clerks and handymen and neighbors, and anyone, really, absolutely anyone, who'd done him a good turn, however large or small. Immediately after he'd sent his very first notes, significant and surprising benefits began to come John's way--from financial gain to true friendship, from weight loss to inner peace. While John wrote his notes, the economy collapsed, the bank across the street from his office failed, but thank-you note by thank-you note, John's whole life turned around. 365 Thank Yous is a rare memoir: its touching, immediately accessible message--and benefits--come to readers from the plainspoken storytelling of an ordinary man. Kralik sets a believable, doable example of how to live a miraculously good life. To read 365 Thank Yous is to be changed.

This book shows you how you too can have time for it all.

A Year to Live Stephen Levine 2009-10-07 In his new book, Stephen Levine, author of the perennial best-seller *Who Dies?*, teaches us how to live each moment, each hour, each day mindfully--as if it were all that was left. On his deathbed, Socrates exhorted his followers to practice dying as the highest form of wisdom. Levine decided to live this way himself for a whole year, and now he shares with us how such immediacy radically changes our view of the world and forces us to examine our priorities. Most of us go to extraordinary lengths to ignore, laugh off, or deny the fact that we are going to die, but preparing for death is one of the most rational and rewarding acts of a lifetime. It is an exercise that gives us the opportunity to deal with unfinished business and enter into a new and vibrant relationship with life. Levine provides us with a year-long program of intensely practical strategies and powerful guided meditations to help with this work, so that whenever the ultimate moment does arrive for each of us, we will not feel that

it has come too soon.
