Macromedia Contribute 2 for Windows and Macintosh Tom Negrino 2003-09 Ironically, while Web pages have become more flexible and capable over the past few years, Web creation tools have become increasingly more complex. Tom Negrino's Macromedia Contribute 2 for Windows and Macintosh: Visual QuickStart Guide, however, teaches those who are not Web experts how to build and maintain Web pages with Macromedia Contribute 2, which returns easy Web page editing to the many business and academic users for whom other Web creation tools have become too difficult to use effectively. With Contribute 2, anyone can add content to Web sites, without the possibility of accidentally breaking the site. Now in its second edition, this visual, task-based reference has been revised to cover all of Contribute's newest features, including all-new Mac OS X compatibility; improved speed and user response; the ability to connect to sites securely; and Flash Paper, a new way to publish any document on the Web (Windows-only). New PayPal Merchant Tools let any small business owner add the ability to

accept credit cards on their website with just a few clicks. With the capable guidance of veteran Visual QuickStart author and Macworld contributing editor, Tom Negrino, you'll soon master how to build Web pages, edit page content, create tables, use Macromedia Dreamweaver templates, work with external documents, manage sites with Dreamweaver, customize Contribute, and more. Like all Visual QuickStart Guides, this book is broken up into bite-sized tasks to help you solve problems and answer questions quickly. Whether you're a beginner looking to learn Contribute 2 from the ground up or an experienced user who just needs a quick refresher course on the product's newest features, Macromedia Contribute 2 for Windows and Macintosh: Visual QuickStart Guide is an all-access pass to just the information you need.

Managing Your Personal Finances with Quicken Tom Negrino 2005 It used to be that to begin working with Quicken, you had to hand-enter all sorts of information--a process so laborious that many people eschewed personal finance software altogether. Not so today: With Quicken 2004's Express Account Setup, all you have to do is select your bank (from a list of more than 2,000), supply your account IDs and PINs, and the software does the rest! All you really need, then, to start wrangling your finances immediately is this pint-sized project-based guide to the software! Rather than cover every last Quicken feature and option, veteran author Tom Negrino selects the quickest, easiest route to accomplishing a given objective-from setting up accounts and entering transactions to writing and printing checks, scheduling automatic bill payment, and securing loans-and presents it through full-page-width screen shots and simple step-by-step instructions. Throughout, you'll learn by doing as you complete the book's projects. By the end of the day, you will have mastered not just Quicken but your finances as well!

Quicken 2000 for Macintosh Tom Negrino 1999 Provides an easy and visual approach to teaching Quicken, using pictures to guide you through the software and show you what to do. Softcover.

Macworld 2002

Macromedia Contribute 3 Tom Negrino 2005 Visitors to your Web site want to see up-to-date content--period. They don't care how complicated it is to edit that content or about the manpower issues involved:

If they don't find what they need, they'll get it elsewhere. To ensure that they don't, you need Macromedia's hot content management tool Contribute and this task-based guide to get you up to speed on it. In this thoroughly updated guide, popular author Tom Negrino uses simple step-by-step instructions and loads of visual aids to show you how to build Web pages, edit content, create tables, employ Dreamweaver templates, and more with the newly updated Contribute 3. If you're a first-time user, you'll find all the instruction you need to start adding content to Web pages immediately (without fear of breaking the site). And if you're a Contribute veteran, you'll want to go straight to the sections covering this version's new features: integrated image editing, Microsoft Office integration, automatic publishing to PDF and Flash file formats, and more.
